1. **Approve agency cover for 2 night shifts (w/c 9 Nov).** Two night carers on annual leave the same week; we've tried the bank list first. Estimated cost: £420.
2. **Sign off the medicines audit actions.** 3 MAR chart gaps found on 14 Oct, all on one unit and one shift. A refresher session for that team is booked for 6 Nov; we need your signature on the action plan.
3. **Choose a date for the fire-safety refresher.** 9 staff are due by 30 Nov. Two provider dates are offered: 18 or 25 Nov.

Score _____ **/ 20**

16–20 · In control
The systems work. The question is how many hours they cost the manager each week.

10–15 · Stretched
The basics happen, but late or by heroics. This is where most good homes sit.

0–9 · Exposed
An inspection this month would find gaps. Fixable, but it needs dedicated hands.
